Dear Xun,

This is your Student Questionnaire on Courses and Teaching (SQCT) feedback report.

Please note that, as per the new Faculty Collective Agreement, means, standard deviations, and medians are no longer provided for student ratings in the SQCT Results Reports. There are several resources available to help with the interpretation of the ratings and student comments.

Reports that include the means, standard deviations, and medians are available to individual faculty members by request from feedback@uwo.ca

If an instructor receives a comment that they believe is offensive and wishes to report that comment, they are asked to do so using the new SQCT Comment Review tool in the Faculty/Staff Extranet. If the comment raises concerns regarding faculty or student safety, Western Special Constable Service should be notified immediately.

Historically, offensive comments, such as those that violate the Student Code of Conduct (e.g., discriminatory, harassing, threatening), have been rare at Western.

If you have any questions about the Feedback SQCT online system or the feedback results report, please contact feedback@uwo.ca.

Sincerely,

Feedback Team
Western University

Overall, I think you did a good job!
He is a great prof, who teaches and explain the difficult concepts in a very easy way so that everyone in the class is able to understand. and if I don't understand anything he's really quick to reply to my emails. Great prof. Would definitely recommend him to any other students thinking about taking this course.
The instructor is really nice and teaching very good.
Clearly knowledgeable about the subject, and has organized the course very well.
excellent teacher with great patience and enthusiasm, provide useful help in office hour, GPA saver
Good instructor
Have more group discussions
You are an excellent prof. I always think if the prof cares if his students learn or not from his class. You DO care. Always helpful and keep the class interesting. Loved taking your class!

it's all perfect!
Easy course can easily get a good grade if u come to class and pay attention.
Chen is a really good and professional instructor. He is patient and friendly. I can learn things more than the book from him.
Course is laid out very well, it is easy to follow along on a week to week basis. The lectures slides + questions are also a big help when preparing for exams. Doing the work feels rewarding when it comes to seeing similar questions on the exams.
Useful class with median level of difficulty, helpful for further economic classes and curving GPA
Use more real word examples and connect to course
He is a gem. Keep him around!
good professor, can be a little disorganized at times but overall the concepts are very clear following lecture and i've learned a lot... nothing we've gone learned in class is unclear and the tests are very reflective of what he talks about in class. very much like Chen
